

# Project Homeless Connect

10/27/2010

Dear Sir or Madam:

We would like to invite your agency to participate in Third Annual Northern Nevada Project Homeless Connect 2011. This event will be held on Tuesday, January 25, 2011, from 7:00 a.m. to 12:00 p.m. in the Reno Event Center, located at 400 N. Center Street, in downtown Reno. The goal of this event is to provide services for medical and psychiatric treatment, substance abuse counseling, housing, employment and other important supportive services to help rebuild the lives of individuals and families who are homeless in our community.

Homelessness is a significant issue that not only affects those without a home, but our community as well. Project Homeless Connect provides an opportunity for us all to come together and remedy this problem. In an effort to end homelessness, the Project Homeless Connect Planning Committee is partnering with social service organizations to provide a one-stop access to services and support for those experiencing homelessness. Such services and support found at Project Homeless Connect 2011 will help people who are homeless attain the services they need to achieve stability and ultimately transition out of homelessness. Project Homeless Connect 2011 is a great opportunity for agencies and organizations like yours to make a difference and help put an end to homelessness in our community. With the support of your agency and the many agencies participating at Project Homeless Connect 2011, individuals and families experiencing homelessness will be able to access important services in one location.

We hope you will participate in this important community event.
